SIDNEY AND ISLANDS REVIEW

AND SAANICH GAZETTE

HERE IT IS

Nearly \$20,000.00 monthly is paid in wages to the people of Sidney.

EIGHTH YEAR

SIDNEY, VANCOUVER ISLAND, B. C., THURSDAY, AUGUST 14, 1919

PRICE FIVE CENTS

SUM OF \$60,000 IS SPENT FOR IMPROVEMENT

Since December Sidney Mills Spends Big Sum in Overhauling and Additions.

PAYROLL IS \$14,000 MONTHLY

Fire Pump Re-installed and New Planer and Box Factory Are Established.

The final piece of a campaign of construction and repair work which has been carried on by the Sidney Mills, Limited, since December 23, 1918, at an expense of more than \$60,000, was started Monday under the supervision of Carpenter Foreman J. Matthews, who now has a crew of men at work repairing the burner conveyor at the mills. It was stated to a Review reporter Monday by Superintendent Geo. W. McMullen that the job would take eight or ten days to complete, and that it entailed the installation of four or five new pieces for the conveyor.

The work started last winter with the overhauling of the original plant of the Mills, which since that time has had substantial additions made to it. Through long continued use without systematic attention to repairs the plant had become much in need of overhauling, and Manager G. H. Walton had succeeded in securing the services as superintendent of Mr. McMullen, who is a practical mill man of long experience. In turn Mr. McMullen had secured Mr. Thos. Hardigan as master mechanic, and the work of overhauling went forward under the direct supervision of the latter. The efficiency with which this work was performed is attested by the big monthly average of 2,000,000 feet of lumber now being sawed and by the practical elimination of shutdowns.

From time to time additions were made to the plant, the most notable being the installation of a new high-speed Berlin planer, which has a capacity to turn out matched lumber at a rate of 250 lineal feet per minute. A box factory was also installed in connection with the planing mill department, and the entire department was placed under the supervision of Mr. Geo. Dickson, a

FORM DRAMATIC ASSOCIATION

Club for Production of Amateur Theatricals Organized at Meeting Held Monday Evening

The organization of an association for the production of amateur entertainments of a dramatic and musical nature was effected at a meeting held at Berquist Small Hall, Monday night, and while a name for the association was not decided upon, officers were elected, Mr. F. F. Forneri being chosen president, Mr. Bob Sloan vice president, and Miss W. Fatt secretary-treasurer. A committee on by-laws and to consider a name for the association was appointed with instructions to submit a report at the next meeting, the committee consisting of Mr. H. F. Cross, Mrs. P. N. Tester, Miss W. Fatt, Mr. Bob Sloan and Mr. Ed. Blackburn. The meeting adjourned to meet again in Berquist Small Hall on Monday evening, August 25. Those present were: Mrs. P. N. Tester, Misses Jennie Redman, W. Fatt, May Lophien, Kate Logan, Messrs. Bob Sloan, J. B. Burton, Ed. Blackburn, Chas. H. W. Maynard, F. F. Forneri, H. F. Cross. A number of others interested and who will take active membership in the club were unable to be present.

ST. ANDREW'S W. A. MEETING.

The meeting of the W. A. of St. Andrew's Church, held at the home of Mrs. Roy Brethour yesterday afternoon was well attended, nearly twenty ladies being present. Due to press of other duties Mrs. J. Critchley, who has been treasurer of the W. A. for a number of years, tendered her resignation, which was accepted with regret. Mrs. A. Wassner was elected to fill the vacancy caused by Mrs. Critchley's resignation. The tabulated report of the Annual Diocesan Board meeting was read by Mrs. B. Deacon.

LOCAL LUMBER SHIPMENTS

Two scowloads of general building lumber for reconstruction purposes this evening left the Sidney Mills, Limited, for Chemainus, where it will be trans-shipped via the S. S. Erie for the United Kingdom. A quarter-million feet of the cargo of the Erie will come from Sidney. It is expected that by the end of the week the Mills will ship another scow of ship material to the Foundation Company at Victoria. The sixth car of bridge material for the big bridge over the Koksilah River on the C. N. R. was being loaded this morning.

Mrs. P. W. Patterson, of Victoria, Miss Tolmie, of Toronto, and Miss Eileen White, of this city and Victoria, spent yesterday visiting friends in Sidney.

Planned to Banquet Rotarians in Sidney

Board of Trade Inaugurates Project of Great Advertising Value to Community in Plan to Banquet Victoria Club; Aerial League Benefit.

At the meeting of the Sidney Board of Trade held at the office of Mr. S. Roberts Tuesday night preliminary steps were taken toward the giving of a "Sidney Products" banquet from which will accrue advertising of great value to the Saanich Industrial Seat. An invitation will be extended to members of the Rotary Club of Victoria to come here for one of their periodical banquets. It is planned to have the Victorians arrive during the afternoon in time to visit Sidney's several important industries, the visitors being piloted through the plants of the Sidney Mills, Limited, Sidney Rubber Roofing Company, Saanich Canning Company and Sidney Canning Company by a committee of the Board of Trade. The attention of the visitors will also be called to Sidney's many advantages as an industrial seat. The remarkably fertile farming belt contiguous to the town and to the great scenic beauty of the district.

The movement to give the banquet was inaugurated at the suggestion of Mr. R. W. Mayhew, manager of the Sidney Rubber Roofing Company. The Rotarians hold periodical banquets at Victoria, and often make an excursion into the country on the occasion of one of their big dinners. Mr. Mayhew's plan was that provisions for the banquet would be very largely donated by business men and citizens of Sidney, and that the catering arrangements would be handled

by public-spirited women of the community, a reasonable charge to be made for the dinner.

The Board expressed itself as unanimously in favor of the project, and after considerable discussion an arrangements committee was appointed consisting of Messrs. W. H. Dawes, F. Bowcott, P. N. Tester and J. J. White. It was stated that possibly as many as three hundred would be present at the affair.

Another important matter considered by the Board was the giving of a lecture or lectures here by officers of the Victoria Branch of the Aerial League of Canada. Mr. P. N. Tester explained that while in Victoria recently he had interviewed Lieut. W. H. Browne, secretary of the Victoria Branch of the League, who had stated that the project of his organization to erect a hangar here, as previously reported in The Review, had been in no wise abandoned, but that the matter had been delayed owing to slow action of the Government. It was understood, however, that the Government was preparing to give aid to the League and it was contemplated that the hangar would be erected, probably, in November next.

Mr. Tester had expressed the interest and friendship which the people of Sidney and North Saanich feel toward the League, and had suggested that a benefit dance or 500

(Continued on page two)

Would Place Service On Permanent Basis

Resultant of discussion which occurred at the meeting of the Sidney Board of Trade Tuesday night important steps were taken by the Board looking toward putting the temporary railway service which for the past two months has been given Sidney by the Canadian Northern Railway on a permanent basis. Secretary W. H. Dawes called attention of the Board to the fact that the temporary running rights over the mile and a half of V. & S. track

which were granted through the Dominion Board of Railway Commissioners to the Canadian Northern will expire on September 3, and that, so far as can be ascertained, no efforts have been made by the C. N. R. toward securing permanent running rights. It was brought out in the discussion that the probable reason why the C. N. R. had not been more energetic in this respect is that the company has not at hand data showing the large volume of freight and passenger business originating in this district, and a resolution was passed providing for the appointment of a committee to gather and formulate such data, the finished report of which will be referred to the council of the Board and in turn forwarded to Hon. John Oliver, Premier and Minister of Railways of British Columbia, the Dominion Board of Railway Commissioners, President D. B. Hanna of the Canadian National Railways, Mr. J. C. McIntosh, M.P., and Mr. M. B. Jackson, M.P.P.

Another resolution provided for the appointment of a committee to draft a petition to accompany the report above referred to, praying that the town be not deprived of efficient freight and passenger service. It was decided, in order that as many signatures as possible might be secured to the petition, to hire men to circulate it.

Messrs. J. J. White, G. A. Cochran and C. Wemyss were appointed by the chair a committee to handle both the gathering and formulation of the freight and passenger report and the drafting and circulation of the petition.

SWIMMING TOURNAMENT.

Preparations are going forward for the swimming tournament which will be given the afternoon of Monday, August 25, under the auspices of the North Saanich Women's Institute, and at which Miss Audrey Griffin, champion woman swimmer of British Columbia, will give an exhibition of fancy diving. There will be swimming and diving competitions for local swimmers. The affair will be of the nature of a banquet and the committee in charge requests those who attend to bring baskets of lunch. Hot water for tea will be furnished free.

HAVE HARROWING EXPERIENCE

Hardigan and Dickson Exposed to Gulf Gale in 22-Foot Open Launch Sunday.

A harrowing tale is related by Master Mechanic Thos. Hardigan and Planer Foreman Geo. Dickson, of the Sidney Mills, Limited, of how they battled with a terrific head sea in an open boat in the Gulf of Georgia last Sunday and narrowly missed being swamped by the waves. The two men returned to Sidney Sunday evening after having made the trip to Stevestown, at the mouth of the Fraser River, declaring that they had passed through an experience which they did not care to repeat.

On Saturday afternoon Messrs. Hardigan and Dickson started from Sidney about 2.30 o'clock in the former's 22-foot open launch for Vancouver, where they expected to remain over Sunday. The weather was calm, and the trip across the Gulf was enjoyable, but by 11 o'clock Saturday night the travelers had approached no nearer to their objective than Stevestown, at the mouth of the Fraser. Here the first trouble was encountered. As many as a half-dozen times the boat grounded on the sandbars which occur at the mouth of the big stream, but the two men finally succeeded in making fast to the wharf and getting ashore.

They spent the night at Stevestown, and decided in the morning to return to Sidney, as their time was limited. Consequently they started back to the Saanich Industrial Seat at 10.30 Sunday morning, but their trip was not destined to be as devoid of excitement as was the journey to the Fraser. Before they had proceeded far a heavy head wind and head sea were encountered, and the gale had soon increased in violence that they feared for their safety. A number of times huge waves broke over the boat, and Mr. Dickson, who was at the wheel was once washed back half the length of the launch. The boat had finally shipped so much sea that the flywheel of the engine picked up the water and scattered it in the form of fine spray, so thoroughly wetting the ignition apparatus that a "short" resulted, and the engine stopped.

Mr. Hardigan, who was at the engine, was at first unable to locate the trouble, and for more than an hour the boat lay in the open Gulf wallowing in the sea. Finally, after strenuous effort, the engine was started. The two men reached Active Pass in time to stop for dinner. Leaving the far end of the Pass at 3 p.m. they reached Sidney about 6 o'clock without further mishap.

LOCALS LOSE LACROSSE.

In a game with the Victoria Wests at the Crossley grounds, North Third street, yesterday evening, the Sidney Mills lacrosse team was defeated by a score of 12-4 in a game of four fast sessions. The Sidney line-up was as follows: Goal, Humphrey; point, Johnson; cover-point, Shore; 1st defence, Veitch; 2nd defence, Norton; 3rd defence, Burton; centre, D. Robinson; 3rd home, A. Robinson; 2nd home, "Boots" McClure; 1st home, Humber; outside home, Mike McClure; inside home, Purdy.

AEROPLANE DELIVERS PAPERS.

Copies of the Vancouver Province were last Thursday night delivered at the Capital City by the Aerial League plane No. 5 just forty-five minutes after the start from the Mainland metropolis. The plane, which carried Mr. Arthur Sayers, of the Soldiers' Re-establishment Board, passed over Sidney about 6.45 p.m., and dropped copies of the Province, flying at a height of but a few hundred feet.

BENEFIT AFFAIR PLEASES CROWD AT DEEP COVE

Regatta at Kennedy's Beach Proves Enjoyable and Adds to Church Guild Funds.

SUM OF \$140.00 IS GLEANED

Crew of "Leaky Lizzie" Stink "Buckets of Blood" in Hand-to-Hand Conflict.

The regatta which was given at the beach fronting Mr. and Mrs. R. G. Kennedy's home, Deep Cove, last Saturday afternoon for the benefit of the Ladies' Guild of Holy Trinity Church, was a distinctly successful and enjoyable affair, and was attended by a large number of people from the Deep Cove, Patricia Bay and Sidney districts. It is stated that after all expenses have been paid, the sum of approximately \$140 will remain to be turned over to the Guild.

The programme opened at 2 p.m., and perhaps the most laughable if not the most notable feature was a sham battle between boys from Camp Martindale, the Y. M. C. A. encampment at Meadlands, Patricia Bay. The "battle" was, of course, a mere engagement, a hand-to-hand fight waged between the crews of the "Leaky Lizzie" and the "Buckets of Blood," two decrepit Swedish canoes which had been picked up for the occasion. The "Leaky Lizzie" was manned by a bold band of fifteen white pirates, while the "Buckets of Blood" had aboard an equal number of bad Indians, bedecked with war paint and feathers. The battle was a desperate and terrific conflict, the Indian craft was sunk, and her pilot and crew were obliged to take to the water and swim ashore, the hearty laughter of the spectators furnishing ample evidence of the fact that the crowd thoroughly enjoyed the sport. The competitive events of the programme were won as follows:

Boys' single scull, 13 to 16 years, O. Roberts; girls' single scull, under 14 years, Miss D. Smith; ladies' scull, Mrs. Downey; boys' single scull, 10 to 13 years, Jack Myer; boys' scull, under 10 years, Jack North; men's single scull, Frank Smith; double canoe race, W. V. Boapest; diving competition, R. Matthews; oarless boat race, O. Roberts; girls' swimming race, under 14 years, Miss D. Smith; ladies' swimming race, E. Gray; boys' swimming race, 13 to 16 years, O. Roberts; boys' swimming race, 10 to 13 years, R. Crosswell; swimming under water, O. Roberts.

Much interest was aroused by the sport of plank riding, which was new at Deep Cove. A plank was towed behind Mr. John North's speed launch, and the board was ridden in turn by Masters Ian Kennedy and E. Money, while the launch was traveling at high speed. The sport is spectacular in the extreme.

The programme was closed by a speech of appreciation by Rev. T. M. Hughes, pastor of the Anglican churches of the district, who spoke of the kindness of Mr. and Mrs. Kennedy in having donated the use of their grounds and beach for the occasion and contributed largely of their time and effort to make the affair a success. Following Mr. Hughes' remarks the crowd gave

A New Showing of Women's Pretty Summer Waists at \$2.00 and \$3.50

Just arrived, a new group of those ever-popular price Waists, the Waists that cost so little and still give such never-failing and complete satisfaction. Slightness is the possession of every Waist, but far more than that, they're a most sensible and serviceable Blouse, for they are made of quality fabrics and in such a dependable manner as to absolutely insure long and satisfactory wear.

We are exceedingly anxious to have every woman and girl of waist wearing age get acquainted with these new models, for acquaintanceship with this favored Blouse means its purchase repeatedly. It means a habit of true economy which brings to one who practices it a lot of genteel, pretty, distinctive Blouses for a very small expenditure.

DISTRICT NEWS

SOME ACORNS FROM ROYAL OAK

ROYAL OAK, Aug. 11.—Mr. and Mrs. J. W. Holmes and daughter, of Chilliwack, who have been touring the Island, visited Mr. and Mrs. J. Carruthers over the week-end. They were travelling in company with their cousins, Mr. and Mrs. Irwin, and daughter, of Sardis. Mrs. Holmes and Mrs. Irwin are nieces of Mr. Carruthers. On Tuesday the party, accompanied by Mrs. Carruthers, drove over the Malahat to Nanaimo, which they made their headquarters until Thursday when they returned to Royal Oak. The travelers say that although this is their first trip to Vancouver Island, they are so delighted with the mountains, sea lakes and hamlets which they glimpsed as they passed along the winding roads that they intend coming back next year.

A robust young lady visitor has appeared at the home of Mr. and Mrs. Scott, who are so delighted with her youthful charms that they hope she will like their place well enough to remain permanently. At present she is four days old but seems to be getting along nicely, and, given time, her age will improve. Her name is Miss Scott.

Mr. and Mrs. W. A. Willis, of Shoa Bay, paid a flying visit on Friday to Mr. and Mrs. W. J. Jewell.

Mr. and Mrs. Jack Kilty, of Shoa Bay, spent Wednesday with Mr. and Mrs. B. C. Gale. On Thursday they, with their host and hostess, also Mr. William Gale, motored to Deep Bay to spend the day on the seashore.

Mrs. J. S. Plaskett returned Thursday from visiting her parents at Cookville, Wash.

The cherry crop in this vicinity has taken up all the attention of the citizens of leisure who could be impressed into helping as pickers. The fruit is very abundant and of first-class quality and satisfactory returns are looked for by the growers. We understand that Mr. Clarence Oldfield is selling his crop through the Keating Fruit Growers' Association, but Mr. Harold Thompson is shipping his directly to Tacoma, Wash. Soon we hope Saanich will be known not only as the great strawberry centre but also as famous for its cherries.

The outgoing steamer for Seattle today will have on board Mrs. Mary Thompson, who is taking her little six-year-old grandson, Earl Thompson, to the Children's Orthopaedic Hospital of that city, where for the

past year he has been having his foot treated. His many friends hope that when he returns this time he may leave behind him the clumsy plaster cast which he has worn so patiently for twelve long months. They expect to be back on Wednesday.

A number of people from here took in the picnic to Goldstream given on Saturday by the Foundation Company, Victoria. Miss Lillian Daley, Miss Violet Barker, Mr. and Mrs. Albert Allison, with their five children, were there and upon returning declared that they had enjoyed the outing very much. In all about three thousand folks attended, and considering the crowd things passed as well as could be expected. For one thing the weather was superb.

There are frequent inquiries for land suitable for returned soldiers. The land must be of good quality, all or partly cleared, must have good buildings and water available, must be parcels of not less than fifteen acres and must not be high in price. Several pieces of acreage in this vicinity submitted to the board for inspection have been turned down as being too dear, or not cleared enough, or as hard to approach.

Mr. Carter, of Spencers, Ltd., Victoria, spent several days last week with Mr. and Mrs. B. C. Gale. Mr. Carter has lately undergone a serious operation from which he is slowly recovering.

Mrs. James, of Oak Bay, has been visiting her daughter, Mrs. Horace Oldfield, of Prospect Lake.

MANY AT BAZAAR BAY PICNIC

BAZAAR BAY.—A very satisfactory school treat and picnic, which had been previously arranged by the Mount Newton Sunday School Committee, was held on Friday, August 1. The site selected was the beach near the Thomas Crossing where from fifty to sixty persons, including the officers, teachers, scholars and friends of the school spent a very enjoyable time. There was a liberal supply of good things to eat and two good meals were served, a table and seats having been constructed. The balance of the time was spent in boating, bathing, swinging, besides racing, jumping and tug-of-war competitions. A special feature was a supply of home-made candies made by the senior girls. The sum of \$5, the proceeds from the sale of surplus ice cream, was appropriated to the building fund. A very pleasant day was spent.

HANDLING HENS.

(Contributed by R. S. Thompson.)

I've a varied lot of chickens in a pen, And they used to raise the "dickens" now and then. Every rooster in the flock, Brahma, Leghorn, Plymouth Rock, Dunghill strain and blooded stock, loved one hen. She was fickle and flirtatious, gay and spry, Coy, uncertain, pert, audacious, likewise shy. When some valiant Chanticleer Tried to whisper in her ear, He received a vicious spear in his eye.

But one day a scrawny fellow, old and tough, Bandy-legged and dingy yellow, called her bluff— Female feathers filled the air, Blood was scattered everywhere, And he licked her then and there, sure enough.

From that very day and hour she was meek, Mistress Hen was in his power, so to speak, Followed him around the lot, Gave him all the worms she got, Fed them to him in his beak, like as not.

This is but a homely tale, but 'tis true, Hens prefer a master male, so they do. He who hesitates is lost, Stand your ground at any cost, Hens delight in being bossed, —women too.

PLANNED TO BANQUET ROTARIANS IN SIDNEY

(Continued from page 1.)

party might be put on here in the not distant future. Resultant of his conversation with Mr. Tester, Lieut. Browne had written Mr. G. A. Cochran, as a member of the Board, offering, on behalf of the League, to meet that body half way in the putting on of a benefit entertainment, officers of the League delivering lectures on flying in connection with the affair. Lieut. Browne's letter follows:

Mr. G. A. Cochran,
Sidney, B. C.

Dear Sir: A few days ago in town I met Mr. Tester, and was talking to him about holding a lecture in Sidney for the Aerial League, something similar to that which we held in Metchoin two night ago, which would be, I think, the most suitable.

Lectures by two or three of the Flying Officers was given on different subjects, such as the History of Flying and the part taken in the war by the air force, also on the aims and objects of this League.

Mr. Tester thought that it would be a good idea to have a dance or card party in conjunction with this. As a part of the demonstration we could have the machine fly out one evening and a lecture on the machine and how it flies would be given from the pilot's seat.

If this meets with the approval of the people of Sidney would you please let me know as to the day and exactly what arrangements you would like on that date?

Thanking you for all your past favors, I remain,

Yours very truly,

W. H. Browne, Secy.

Among other business Secretary W. H. Daves reported that a slight deficit existed in the street lighting fund, which has been maintained by giving public entertainments. Ways and means of overcoming the deficit were discussed, and Mr. Ed. Blackburn was appointed to serve on the street lighting committee, vice Mr. F. J. Roche, resigned.

FINANCIAL STATEMENT.

The following statement shows receipts and expenditures of the entertainment which was given at Saanich recently for the benefit of the Sidney Dramatic Club and Resthaven amusements:

Receipts.	
Admissions to entertainment	\$44.15
Admissions to dance	14.75
Total	\$58.90
Expenditures.	
Rent of Hall	15.00
A. Critchley, auto hire for transporting caste	4.00
Refreshments	.90
Long distance phone calls	1.10
Printing: tickets \$2.50, programmes \$3.50, posters \$7.50	13.50
Expenses Misses Belle and Edith Eilers	4.25
Miss Belle Eilers, 25 p.c.	5.05
Resthaven Amusements	7.95
Balance on hand	8.05
Total	\$58.90

The following letter has been received from Mr. H. G. M. Gardner, Mr. H. F. Cross,

Dear Sir: On behalf of the patients of this hospital, I wish to thank you and those who planned the entertainment for the cheque for \$7.05 so generously donated out of the proceeds of the entertainment and dance at Saanich. We much appreciate your kindness and regret that your kind thoughts and energy did not meet with greater success, as it deserved to. Yours very truly,

H. G. M. Gardner,
Sec.-Treas. R. A. F.

Borrow to Buy Cattle

"Mixed Farming" is the big money-maker today. Of course, grain and fruit and vegetables pay well—but beef and bacon, butter and cheese, are piling up the profits for the farmer.

Milk more cows—fatten more cattle—raise more hogs. If you need money to do it, come to The Merchants Bank. We are glad to assist all up-to-date farmers.

Meantime, It's the Long Distance Telephone

In the days that are ahead,
the enterprising business man
will no doubt have his air ma-
chine. When he wants to in-
terview an out-of-town cus-
tomer, a few minutes' glide
through the air will bring him
and his man together.

Meantime, he has to be con-
tent with something short of
that. He finds that most effi-
cient substitute in the Long
Distance Telephone. This
brings him voice-to-voice with
his customer, and gives all that
is necessary of the personal
touch.

Card of Thanks, \$1.00. Local advertisements among
reading matter, 10 cents per line.

Display advertising, 25 cents per column inch; no ad
accepted for less than \$1.00.

DEMOUNTABLE SHIPS.

AN invention which bids fair to revolutionize the
overseas lumber trade by making possible the
delivery of lumber to offshore markets at a minimum
of cost, is the demountable ship, a product of the in-
geniety of Mr. John Arbuthnot, of Victoria. Several
demountable ships are now being built at Victoria, and
it will not be long before one of the huge ocean-going
rafts will be en route to the United Kingdom carrying
in its hull 5,000,000 feet of lumber.

Mr. Arbuthnot's invention consists of a raft built in
the shape of a ship's hull and propelled by both steam
and sails. It will thus be possible for the strange craft
to proceed on its long voyage under its own power and
at a rate of speed at which it would be impossible to
tow the ordinary "cigar" boom or Davis raft used where
a long stretch of rough water has to be traversed in
transporting logs. Furthermore, the demountable ship
is built of sawed lumber, while the two types of rafts
mentioned are composed of logs for saw mills. When
the ships have reached their destinations they will be
dismantled, the big iron bolts which bound them together
sold, and the engines, propellers and steering mechanism
used in propelling and steering them safely through two
oceans shipped back to their starting point, there to be
re-utilized in the construction of more ships.

It requires no piercing discernment to recognize that
if the new type of lumber carrier is successful in nego-
tiating the heavy weather which must inevitably be en-
countered in the trip to Europe, a method of transporta-
tion will have been evolved which will permit lumber
from the Pacific coast of the American continent to en-
ter the European market as a serious competitor of
Swedish and Norwegian lumber, which up to the pres-
ent time has practically kept Pacific coast lumber off
the European market, due to the lower wages prevail-
ing in the Scandinavian countries and the great differ-
ence in distance from the common market of the two
production areas.

If the demountable ship is a success—and there is
every reason to believe that it will be—British Colum-
bia will enter upon an era of prosperity such as she
has never known before. The Province's principal
source of wealth is its forests. If the demand for local
lumber is stimulated, logging operations will be speeded
up, mills will increase their capacity and hire more men.
There will be more business for transportation com-
panies. Merchants in all lines will find the demand for
their merchandise increasing, and scarcely a business
enterprise could be mentioned which will not feel the
impetus which will be given to commerce, industry and
agriculture.

CO-OPERATION OF LABOR AND CAPITAL.

THE report of Commissioners White and Pauze, em-
bodied in the general report of the Commission
appointed to inquire into industrial relations in Canada,
contains some interesting data relating to what is being
done by industry in an effort to establish more harmo-
nious relations with employees. Says the report:

"In several centres, notably in Sarnia and Halifax,
Workmen's Councils have been established by the Im-
perial Oil Company. Briefly, these councils are organ-
ized as follows:

"Officers of the company gave the employees a gen-
eral outline of the proposed scheme, which it is proposed
to evolve by experience, by announcing in the plant at
Sarnia, where 1,200 men are employed, their desire that
the men elect from groups of 200 a representative to the
Council. No nominations were made, the choice of
their representatives being left entirely in the hands of
the workmen who voted for their candidate by ballot.
Six representatives of the men were thus elected, the
Company appointing six of their office staff to represent
the management and the general superintendent or gen-
eral manager being chairman. In the composition of this
Council, neither foreman nor superintendent, nor those
whose duty it is to engage or discharge men, are eligi-
ble for membership, as one of the questions which may be
dealt with by the council is the wrongful discharge or
laying off of men.

"In order to secure freedom of debate a member of
such council cannot be discharged during his term of
office without the consent of the council itself, and the
meetings of this joint council are held in the company's
time or during working hours when the members draw
the regular pay of their respective positions. The coun-
cil deals with all questions affecting the general welfare

of the men, such as sanitation and other conditions,
hours of labor, wages or changes in the system of op-
eration; and the intention of the company in having its
representatives on the council to meet the men, is that
where recommendations are made involving the expendi-
ture of money, the former are in a position to explain to
the men why such representations cannot in some cases
be fully carried out but the company practically binds
itself that when a unanimous recommendation comes
from the council it will be acted upon."

It would appear to a disinterested party that the
scheme above set forth is born of an honest desire on
the part of the employer to enter into closer relationship
and better understanding with the employee, with a view
to establishing mutual relationship which may be pro-
ductive of better conditions. But it is stated that the
Trades and Labor Councils and International Unions do
not look at the matter in this light, and regard the
scheme as unfriendly toward their organizations. Just
what the reason for their attitude may be we do not
know, and realize that it is not impossible that they may
have been able to look at the question from an angle
from which vision has never been attempted by those
who are principally in the position of bystanders.

If the attempt of the employers to organize Work-
men's Councils is actuated from a motive to undermine
the labor unions, then that attempt should be regarded
with suspicion by the unions, and all possible measures
of protection taken against all insidious phases of the
plan which may be uncovered. If, on the other hand,
the employers are sincere and honorable in their pro-
fession of desire to better the conditions of the work-
men, the unions should offer a full measure of co-opera-
tion.

As long as human greed continues the restraint of
the Mosaic law of "Thou shalt not" will be necessary in
human affairs, and it is patent that the greater the spirit
of co-operation and compromise existing between em-
ployer and employee, the more harmonious will be the
relationship between these two classes. When the em-
ployer and employee begin to realize that their interests
are mutual, at that instant the line of class distinction
will begin to dissolve, but the process must of necessity
be a slow one. If labor as a whole adopts the present
attitude of a large portion of the working class, and re-
fuses to look upon the employer except as an irrecon-
cilable enemy, but one result can accrue, that of driving
capital in its present form out of all selfhood.

The project of the Sidney Board of Trade to enter-
tain the Rotary Club of Victoria, at a "Sidney Products"
banquet deserves commendation and support by all citi-
zens who have the welfare of the community at heart.
It is patent that from such a function, properly staged,
advertising of inestimable value would accrue to the
Saanich Industrial Seat and environs. It is the plan of
the Board to have the entertainment of the Rotarians
include not only the banquet, but an inspection of the
industries of the town, and to lay special emphasis on
the rich farming belt contiguous and to the great scenic
beauties of North Saanich. To say that the laying of
these assets before the attention of three hundred influ-
ential citizens of the Capital City would be beneficial to
Sidney would be putting it mildly. Many people do not
realize that at the very doors of the Capital of British
Columbia lies a robust, prosperous industrial town and
agricultural community of remarkable fertility, and it
is time something was done to stimulate their dormant
sight.

The building and premises of the Sidney Schools are
much in need of certain repairs and improvements, and
it is highly desirable that whatever work has to be done
to place the schools in proper shape for the use of pupils
the coming term should be done before the opening of
the fall semester. In order that pupils may not be dis-
turbed by the work entailed during the course of their
studies. One of the principal things needing attention
is the plumbing—or rather, the lack of it—at the Su-
perior School. The sanitary conditions there are abomi-
nable. Beyond a doubt, the progressive citizens con-
stituting the Board of Trustees will take prompt action
toward the correction of these evils.

PEACE OVER EARTH AGAIN.

(By Edwin Markham.)

(Read by Rev. Mr. Letts at Peace Day Celebration.)

Rejoice, O world of troubled men;
For peace is coming back again—
Peace to the trenches running red,
Peace to the hosts of the fleeing dead,
Peace to the fields where hatred raves,
Peace to the trodden battle-graves.

"Twill be the Peace the Master left
To hush the world of peace bereft—
The peace proclaimed in lyric cries
That night the angels broke the skies.
Again the shell-torn hills will be
All green with barley to the knee,
And little children sport and run
In love once more with earth and sun
Again in rent and ruined trees
Young leaves will sound like silver seas;
And birds now stunned by the red uproar
Will build in happy boughs once more,
And to the bleak uncouth graves
The grass will run in silken waves,
And a great hush will softly fall
On tortured plain and mountain wall,
Now wild with cries of battling hosts
And curses of the fleeing ghosts.

And men will wonder over it
This red upflaming of the Pit,
And they will gather as friends and say
"Come, let us try the Master's way.
Ages we tried the way of swords,
And earth is weary of hostile hordes.
Comrades, read out His words again
They are the only hope for men!
Love and not hate must come to birth
Christ and not Cain must rule the earth."

Local and Personal

Miss Muriel Brethour is spending her holidays at Calgary and Edmonton.

Miss Katherine Fatt, of Victoria, is the guest for a week of her sister, Miss W. H. Fatt, of this city.

Miss Dorothea Sweeney, of Vancouver, has been a guest at the home of Miss McDowall, at Patricia Bay.

Mrs. Despard, of Errington, is a guest at the home of Mr. and Mrs. J. J. White in this city.

Mrs. A. Gutridge and little daughter, Irene, who have been visiting Miss Harriet Gherke for the past few days, left on Tuesday evening for Toronto.

A basket picnic of the children of St. Andrew's Sunday School, this city, will be held at Roberts Bay next Monday afternoon from 3 to 6 o'clock.

Mrs. C. L. Dixon and two little sons, who had been visiting for a week with Mr. and Mrs. A. L. Wilson in this city, left on Tuesday for their home at Victoria.

Miss Ruth McKay and Miss Ivy Sprinkling came out from the Capital City on Monday to spend a few days as guests at the home of Mr. and Mrs. J. F. Simister.

Miss Elizabeth Carmichael came out yesterday from Victoria and is visiting Miss Marion Perry at her home on Fifth street. Miss Carmichael will return to the Capital City tomorrow evening.

Maj. N. P. Hocking and Mr. S. M. Jones, of Deep Cove, have started a freight and passenger auto service between Deep Bay and Victoria. Their advertisement appears elsewhere in this issue.

Mr. and Mrs. C. C. Cochran, and daughter, Miss Margaret, returned on Sunday from an extended trip which took them to Seattle and Port Angeles, Wash., and to Vancouver. Returning, they crossed the Gulf to Nanaimo, motoring over the Malahat Drive on their return to Sidney.

Mr. Douglas Horth arrived at Victoria from Ft. George yesterday, coming in the capacity of deputy sheriff and bringing a prisoner with him. Mr. Horth is a returned man, formerly a resident of the Deep Cove district, and lost a leg while overseas in the service of his country.

Mrs. F. J. Perry and daughter, Miss Marion, manager of the Sidney branch of the British Columbia Telephone Company, returned on Sunday from a visit of about ten days to Mrs. J. M. Kerr, daughter of Mrs. Perry, who resides at Renton, Wash. Mrs. and Miss Perry were accompanied on their visit by Miss Elizabeth Carmichael, of Victoria.

A distinct improvement has just been completed at the office of the British Columbia Telephone Company, Fifth street, this city, the partition which separated the portion of the office allotted to the public from the business office proper having been taken down, and in its place a handsome counter with a plate glass top substituted. The improvement has the effect of making the office roomier and better ventilated.

Miss Winifred H. Fatt delightfully entertained several young lady friends at "Seaview Apartments" on Tuesday evening in honor of Misses Gertrude Burton and Sadie Chudleigh, of Medicine Hat, Alta., who are visiting friends here. Dinner was served at 6, after which the evening was devoted to social conversation. Beside the hostess, those present were Misses Gertrude Burton, Sadie Chudleigh, Margaret Cochran and Kathrine Fatt.

The eighth birthday of little Miss Barbara Parkes, daughter of Mr. and Mrs. F. G. Parkes, of this city, was celebrated at a birthday party given on the beach at Roberts Bay last Friday afternoon. A dainty luncheon was served by Mrs. Parkes and daughter, Miss Edna, after which the assemblage of little maids pleasantly passed the afternoon in games and play. Those present were Misses Barbara Parkes, Florence Hambley, Phyllis McKillop, Helen and Marion Cochran, Amy Forneri, Phyllis Parkes, Irene Gutridge. The grown-ups were Misses Hattie Gherke and Edna Parkes, Mrs. Gutridge and Mr. and Mrs. F. G. Parkes.

Mr. Miller spent the week-end visiting his family here at their home on North Third street.

Mr. and Mrs. Carmichael, of Victoria, were week-end guests of Mr. and Mrs. B. Deacon at their home in this city.

Mr. and Mrs. Sutherland, of Montana, arrived Sunday and are visiting Mr. and Mrs. A. M. Bowman, at Ardmore Farm, near this city.

Mrs. E. L. Chudleigh and daughter, Miss Sadie, of Medicine Hat, Alta., are guests of Mrs. Geo. Brethour at her home in this city.

Miss Gertrude Burton, of Medicine Hat, Alta., is the guest for a week of Miss Margaret Cochran at her home at Roberts Point, this city.

Kwang Lee Yuen went to Sooke on Friday on business with the Sooke Canning Company. He reports that the cannery there is busy.

Mr. and Mrs. G. Anstey, of Victoria, came out on Saturday evening for an extended visit to Mrs. Anstey's parents, Mr. and Mrs. J. F. Simister, at their home on North Third street.

Mr. and Mrs. Bert Bradstock and Mr. Harold Bradstock, of Victoria, spent the week-end in Sidney visiting at the homes of Mr. and Mrs. C. F. Williams and Mr. and Mrs. H. Way.

Miss Margaret Bowman, who is a member of the nursing staff of Jubilee Hospital, Victoria, is spending her summer holidays at Ardmore Farm, the home of her parents, Mr. and Mrs. A. M. Bowman.

Mr. and Mrs. C. L. Johnson, of Superior, Nebraska, arrived here Friday and are spending a few days as the guests of Mr. and Mrs. Geo. W. Brown. Mr. and Mrs. Johnson are en route to Alaska.

The cutting of wheat was started in the Patricia Bay and Deep Cove districts last week, and the cutting of oats will start within the next few days. It is stated that the crop this season is heavier than the average.

Mr. and Mrs. T. Willoughby and son, Leslie, of Victoria, motored out to Sidney on Sunday evening last and called on Mr. and Mrs. F. J. Forneri at their home on North Third street. When they returned to the Capital City Master Leslie remained as a guest of Miss Amy Forneri.

Pte. Alan Deacon, son of Mr. and Mrs. B. Deacon, of this city, went Sunday night to Victoria to enter the Spott-Shaw Commercial School, where he will take the eight-month Government wireless course. Pte. Deacon has already had much experience in wireless work overseas.

Due to the reunion of returned men held at Resthaven Military Convalescent Hospital, this city, yesterday afternoon and evening the Athletic Association dance scheduled to take place at Berquist Hall last night was postponed until the evening of next Wednesday, the 20th inst. Music will be furnished by Maynard's orchestra.

Mr. and Mrs. Vigellus, of Seattle, Mrs. S. L. Calvert, of Deep Cove, and Mrs. S. Roberts, of this city, returned yesterday from a motor trip to Alberni and other up-island points in the Vigellus auto. While en route the party surprised a bear, which was traveling along the road. Bruin at once took to the woods, and was chased for upwards of a half-mile through the timber by members of the party, who contemplated bodily harm to him. But the quarry proved too elusive, and they were obliged to abandon the chase. Mr. and Mrs. Vigellus are guests of Mrs. Vigellus' mother, Mrs. R. D. Horth, of Deep Cove.

A WATCHFUL COW.

Seven years ago a farmer living west of this city hung his vest on a fence in the barnyard. A calf chewed up a pocket of the garment in which was a standard gold watch. Last week the animal, a stupid, old, milk cow, was butchered for beef, and the timepiece was found in such a position between the lungs of the cow that the expiration the closing in and the filling of the lungs kept the stemwinder wound up, and the watch had lost but four minutes in the seven years! Mason City (Iowa) Globe-Gazette.

REUNION ENJOYABLE AFFAIR

Returned Men Delightfully Entertain Friends at Resthaven During Afternoon and Evening.

The reunion of returned men who have been patients at Resthaven Military Convalescent Hospital held at the Hospital, this city, yesterday afternoon and evening was an elaborate and enjoyable affair, and was attended beside the veterans by a large number of people from Sidney, North Saanich and Victoria.

A special train left the Capital City about 3 p.m., bringing some three hundred of the veterans and their friends. The afternoon was devoted mainly to field sports, most of the events being for ladies. After the athletic programme, tea was served in the Hospital lounge.

The evening programme started about 7 o'clock with an excellent concert, on the programme of which were Comrade Ingledew, of the G. W. V. A., in an impersonation; Mr. Harold M. Higgin, of Victoria, in a sleight of hand exhibition; Mr. Bob Sloan, of Sidney, in two songs, accompanied by Mr. Chas. H. W. Maynard; Mrs. Turner, in a song; and a number of entertainers from Angus Campbell's, Victoria.

Not the least feature of the occasion was the sumptuous supper which was served, the number of guests being so large that it was necessary to accommodate them at three separate sittings.

Following the concert a dance was held in the spacious drill hall, music being furnished by Mr. T. Beattie's Band, of Victoria. For those who do not indulge in the terpsichorean pastime a whist drive was held while the dance was in progress, the first prize being captured by Mrs. E. McAdams, of this city. The veranda was decorated with bunting and very prettily lit with Chinese and Japanese lanterns.

The Victoria guests were conveyed back to the Capital City by a special train, which left about 1 a.m.

**SUM OF \$80,000 IS SPENT
FOR IMPROVEMENT**

(Continued from page 1.)

planer foreman of long experience but recently returned from the front.

In the meantime Carpenter Foreman J. Matthews and his crew were busy with construction and repair work. The first move of importance along this line was the re-installation of the fire pump and the establishment of a new system of piping encircling the buildings which makes possible the reaching of the most remote portions of the yards with a big stream of water. The pump was installed on a wharf built on concrete piers, and the intake pipe was extended out below the extreme low tide mark.

The most costly piece of building which was done was the erection of a drying shed for rough lumber which has a capacity of many thousand feet and is the best building of the Mills. In addition to this new timber skids were put into the timber decks surrounding the two dericks.

The payroll of the Mills has increased steadily since last winter when it approximated \$11,000 a month, until it has now reached the substantial monthly total of \$14,000.

**BENEFIT AFFAIR PLEASES
CROWD AT DEEP COVE**

(Continued from page 1.)

three cheers for Mr. and Mrs. Kennedy.

A delicious tea was served during an intermission in the programme, and throughout the affair social converse was enjoyed by all present. Arrangements for the tea were in charge of Mesdames W. Stewart and Layard and Miss Houghton. The sale of work stall was presided over by Mrs. Friday. Mrs. Money and Miss Wilkinson had charge of the ice cream and soft drinks stall, and Mrs. Downey conducted the "Generous Goose" show.

The tennis tournament, which opened on the Kennedy courts last Thursday afternoon, is still in progress today. About 150 entries have been registered for the tournament, although some players have registered for two or three events. It is expected that the tournament will be finished today.

CARD OF THANKS.

Mr. and Mrs. R. G. Kennedy wish to thank all who so very kindly helped in the preparations and working of the regatta, held on Aug. 9.
